

This list is a sample of commonly prescribed generic and formulary brand drugs. Refer to the Blue Cross and Blue Shield of Illinois Prescription Drug Formulary at [bcbsil.com](http://bcbsil.com) for a more comprehensive and up-to-date list. The online formulary is updated after new generic drugs become available and also on a regular basis. The formulary may contain medications not covered under your prescription drug benefit plan. In addition, prescription versions of over-the-counter (OTC) medications may not be covered based on your prescription drug benefit plan. If you have questions about your prescription drug benefit, call the Pharmacy Program number on the back of your ID card.
