2025 Small Group Plans

The Blue Cross and Blue Shield of Illinois Small Group Portfolio is available from January 1 until December 31, 2025. All our plans offer features and benefits designed with members' health and wellbeing in mind. Here are the highlights:

Behavioral Health Enhancements: Mental Health Hub, Increased Access and Crisis Support

Compassionate case managers, utilization management, specialty programs and member and provider support are all part of the Behavioral Health benefits standard with every small group plan. Enhancements designed to increase member access to specialty behavioral health providers, improve the member experience and offer proactive clinical outreach include:

- **Mental Health Hub:** Digital one-stop-shop for mental health resources, including optional self-assessment to help members navigate recommended solutions and access behavioral health providers treating substance use disorders, pediatric mental illness, eating disorders, obsessive-compulsive disorders and more.
- **Risk Identification and Outreach:** New, predictive analytics model designed to identify members who may be at-risk and provide clinician outreach with the goal of preventing suicide and self-harm events.
- **Mental Health Response Course:** Online self-paced training to help members develop the skills to respond to the signs and symptoms of mental illness and substance use.
- **Workplace Crisis Intervention:** Clinical support should a tragedy affecting an employee occur.

Gene Therapy Solutions

Gene therapy is a new generation of drug therapies, offering transformational clinical benefits to members with rare, genetic illnesses. As this drug class continues to grow, more of your employees may benefit from the treatments. Gene Therapy Solutions—included as part of your 2025 benefit plan—offers your employees access to high-value gene therapy providers and caring, holistic support from our case management team to optimize their care journey.

Cancer Services and Support

Offered as a solution to bridge the cancer care gap and support healthier outcomes, the Cancer Services and Support Hub is your employee's resource for cancer care navigation. The Hub will house all of the employee's benefits information, cancer program details and additional resources.

\$0 Emergency Use Medications

Upon renewal, cost barriers to select acute medication typically used for emergency use or life-saving situations will be removed, which will help improve clinical outcomes, increase member satisfaction and overall benefit experience. Members will have access to the \$0 cost share when using any in-network pharmacy for the following drug categories:

- Severe allergic reactions (e.g., epinephrine auto-injector)
- Hypoglycemia (e.g., glucagon injection kit)
- Opioid overdoses (e.g., naloxone injectible/nasal spray)
- Nitrates (e.g., nitroglycerin sublingual)

Twin Health Metabolic Health Management

Eligible members have access to a diabetes reversal program that creates a digital representation of their unique metabolism to empower them to improve blood sugar, safely reduce or eliminate medications and reverse type 2 diabetes—all offered as a covered benefit and at no cost.

Member and Employer Savings with Member Rewards

When members choose quality lower-cost, reward-eligible options, they will receive cash rewards and save on health care costs. Included with non-HMO plans and administered by Zelis, Member Rewards includes maintenance medications and helps members:

- Compare costs and quality of providers and maintenance medications
- Save on out-of-pocket costs
- Earn cash rewards

Complementary Programs Empowering Members to Take Control of Their Health

Putting the power of wellness in members' hands helps them save money and prevent some types of health conditions, while saving employers money by reducing doctor visits and hospitalizations. Complementary programs include:

- **Blue365®:** Employees save money on health and wellness products and services from top retailers not covered by insurance. There are no claims to file and no referrals or preauthorizations. Members sign up and weekly deals are emailed to them from retailers such as EyeMed, TruHearing®, Nutrisystem®, Reebok, Fitbit® and more.
- **Hinge Health:** Members can participate in this digital musculoskeletal program led by physical therapists and health coaches from the comfort of their own homes at no extra cost.
- **Teladoc Health:** This personalized diabetes management program helps members improve glycemic control by helping them understand their blood sugar levels and developing healthy habits. The hypertension program supports members who have high blood pressure with a connected blood pressure monitor and support from expert health coaches to monitor their conditions.
- **Wondr™:** This online, digital weight management program teaches members science-based skills that help them lose weight, sleep better, manage stress and more.

Wellbeing Management

This complete wellness solution delivers member-centered wellness tools and care management programs, including:

- **Well onTarget®:** This member wellness portal offers personalized wellness action plans, digital self-management programs and fitness and nutrition device integration.
- **Fitness Program:** This program offers a flexible gym network to fit members' lifestyles and budgets.
- **Blue PointsSM:** Members earn and redeem points for participating in wellness activities.

Benefit Boost with Ancillary Plans

Robust, competitive benefits are essential for employers to attract and retain a talented workforce. We've combined medical coverage with some of the most popular ancillary benefits, including vision, accident and critical illness benefits, to complement new group quotes for medical, dental, life and short-term disability plans.
