More to Support Your Health

The road to good health is not always a straight path. That is why BCBSIL offers you more choices, so you can more easily get where you want to go.

When you choose BCBSIL, you get all of the following with each of our plans:

Choice of doctors and hospitals

BCBSIL has large provider networks that span the state of Illinois. No matter where you live, we have you covered. Choosing an in-network provider for preventive care, like annual check-ups and screenings, means you'll have lower out-of-pocket costs.

Prescription drug coverage, with mail-order program¹

Our plans include prescription drug coverage, with access to hundreds of pharmacies throughout the state.

Coverage for preventive care services²

Many preventive care services, like screenings, vaccines and wellness programs, are covered under your plan. When you get this care in network, you usually won't pay out-of-pocket costs.

Coverage for Essential Health Benefits

The following care will usually be covered by your plan: wellness, maternity, newborn/pediatric care, ambulance transport, emergency, hospitalization, lab services, prescription drugs, disease management, and rehabilitative services.

Mental health and substance use disorder benefits and services

Mental health is an important part of our overall well-being. Services such as behavior therapy, treatment of substance use disorder, and more are covered.

Health and wellness programs

Your plan from BCBSIL includes programs that help you make the most of your health.

Member account with tools to help you manage your coverage

You can easily manage your account either online or with our BCBSIL App.

Hear from Our Members

"We switched insurers because they seemed to have lower costs, but then quickly switched back. Blue Cross and Blue Shield provided better overall coverage hands down."

Ashley L.

Understanding Your Options

BCBSIL provides three different kinds of health plans — HMO, Point of Service, and PPO. Here's an overview of how these plans work.

HMO	Point of Service	PPO
<ul style="list-style-type: none">• May have lower monthly premiums than PPO• May help keep your costs lower and more predictable• A primary care provider will coordinate your health care• Available only in the Chicago, Rockford and Peoria metro areas	<ul style="list-style-type: none">• May have lower monthly premiums than PPO• Has access to out-of-network care (at a higher cost)• A primary care provider will coordinate your health care• Available only in the following counties: Cook, DuPage, Kane, Kankakee and Will	<ul style="list-style-type: none">• May have higher monthly premiums than HMO and POS• Has access to out-of-network care (at a higher cost)• A larger network of doctors and hospitals to choose from• Coverage in all 102 counties in Illinois

Networks vary and may not include every doctor or hospital in your area, so it is important to research your plan's network before you buy. Also, depending on where you live, some plans may not be available to you. Please visit bcbsil.com or call 1-800-477-2000 for more information.

“When I first chose Blue Cross and Blue Shield I picked them because they were familiar to me. Years later I’m still a member and I can’t imagine choosing anywhere else.”

Which Level is Best for You?

BCBSIL offers three levels of plans — Gold, Silver and Bronze. Which is best for you?

Gold Plans may be best if you:

- Have more medical needs, like a chronic health condition
- Have a spouse and children on your plan, or want to grow your family soon
- Prefer to have lower out-of-pocket costs but a higher monthly bill

Silver Plans may be best if you:

- Have regular medical needs, like one or two visits to the doctor each year
- Want to pay less out of pocket when you get medical care
- Have a spouse and dependents on your plan

Bronze Plans may be best if you:

- Don't currently take prescription drugs or have health concerns
- Want to keep your monthly payment low
- Will be the only member on your plan

Get Care When You Need It

Most plans from BCBSIL offer tools to allow you to access a doctor or nurse from your phone or computer:

Ask a Nurse Any Time

Bilingual 24/7 Nurseline is a service where nurses listen to your health concerns, give you common health facts and tips, and help you know where to go for care if you need it.

Telehealth

Some primary care and other doctors may offer phone and online services which are covered at the same member share as a regular office visit.

Virtual Visits powered by MDLIVE®

- Get non-emergency care by phone, interactive video or mobile app from almost anywhere.
- Available 24/7.
- Board-certified doctors and therapists can treat more than 80 health conditions and send e-prescriptions to your local pharmacy.

Virtual Visits may be limited by plan. For providers licensed in New Mexico and the District of Columbia, Urgent Care service is limited to interactive online video; Behavioral Health service requires video for the initial visit but may use video or audio for follow-up visits, based on the provider's clinical judgment. Behavioral Health is not available on all plans. MDLIVE is a separate company that operates and administers Virtual Visits for Blue Cross and Blue Shield of Illinois. MDLIVE is solely responsible for its operations and for those of its contracted providers. MDLIVE® and the MDLIVE logo are registered trademarks of MDLIVE, Inc., and may not be used without permission.

Prescription Drug Coverage is Included in All Our Plans

Your health plan's prescription drug list has either four or six payment level tiers. Most often, the lower the tier, the lower your out-of-pocket costs will be for the drug.

	Six-Tier Plans Drug Type		Four-Tier Plans Drug Type	Your Cost
6	Non-Preferred Specialty	4	Specialty	\$\$\$
5	Preferred Specialty			↑
4	Non-Preferred Brand	3	Non-Preferred Brand	
3	Preferred Brand	2	Preferred Brand	
2	Non-Preferred Generic	1	Generic	
1	Preferred Generic			\$

BCBSIL also offers ways for you to save time and money on your prescriptions. Learn more by visiting [BluePharmacyIL.com](https://www.bcbsil.com/bluepharmacyil.com).

Cost savings:

You may pay less when you choose generic medicines from our drug list. You also may save when you get up to a 30-day supply of a covered prescription drug from an in-network pharmacy.

Time savings:

Maintenance medications are those drugs you take on a regular basis. You can have up to a 90-day supply of these medications delivered directly to you through the mail order program or at a retail preferred pharmacy participating in the Preferred Pharmacy Network.³

Online resources:

You can search the drug list, find a pharmacy, see your claims, and get an estimate of your costs for a medication 24/7 through your member account at Blue Access for MembersSM.

³ The Preferred Pharmacy Network does not apply to HMO, Point of Service, or 100% cost-sharing plans.

Is a Health Savings Account (HSA) Right for You?

An HSA is a special savings account that you may use to cover a wide range of qualified medical expenses. An HSA helps you take charge of your health and be responsible for how you spend your health care dollars. For many people, using an HSA is an effective way to help manage the costs of health care. Not all plans are HSA compatible. Visit [bcbsil.com](https://www.bcbsil.com) or speak with an agent to learn more.

As a reminder, a Health Savings Account has tax and legal ramifications. Blue Cross and Blue Shield of Illinois does not provide legal or tax advice and nothing herein should be construed as legal or tax advice.
